N/A

A deceptively spacious and modern property situated within easy reach of all amenities. The house has 4 bedrooms, 2 bathrooms (1 en-suite) large independent kitchen + utility room, porch, large patio with stairs leading up to an enormous solarium. The very large under-build (suitable to be converted into additional living area, or garage for several cars) can be accessed either internally or externally. A property of this quality will be suitable as either an ample holiday home or ideal for permanent living.
