This luxury villa is perfectly situated in the heart of the countryside enjoying spectacularly beautiful country views. The villa is distributed over two levels with independent kitchen, spacious lounge, 2 bedrooms, bathroom, office and hallway to the ground-floor. Above, a further two bedrooms and bathroom, including the master bedroom from where there's direct access to a very large terrace with bridge leading across to the juczzi and pool which have been tastefully positioned at the same level. There is ample room with terraced areas on the plot for a variety of recreational pursuits, triple garage, gymnasium, workshop and stables. An exceptional property by any standards, viewing highly recommended.
