There are 4 bedrooms and 2 bathrooms one en-suite and one family bathroom. There is a fitted kitchen and the lounge is bright and roomy. The internal store room has been converted into a study/hobby room with a new doorway into the main house. The terrace at the front of the house has new balustrade and there is a large terrace running alongside the house which overlooks the 12 x 4 m2 swimming pool. Next to the pool there is a BBQ house and there is a large utility housing the exterior toilet facilities and separate boiler room. The rear of the house has a new wall and new palms planted, further adding character to this lovely property. To the rear is a large carport and in addition a 4 car garage and a useful workshop at the end which has light and power. Some or all of the 4 bays could be converted into letting rooms or a large apartment or even stables or kennels the possibilities are endless. Entrance gates to the property are automatic and the house now has a new approved septic tank. The owners are motivated to sell and would look at offers subject to position. The property benefits from gas central heating and air con in most rooms and is fully alarmed. There is Television, ...
