Here we are delighted to be bringing to the market this magnificent villa. Set in its own well maintained grounds and enjoying the most spectacular views over open countryside to the mountain backdrop. The spectacular twin-turret design of this villa really sets it apart from its contemporaries, as does its well-maintained garden area of approximately 2,500 m<sup>2</sup> with tennis courts and pool. The remainder of the plot has been given over to a local farmer to grow pomegranates, from which is derived a residual income for the villa owner. Superior properties like this one don't come onto the market too often, what a fabulous opportunity to own the villa of your dreams in that uniquely perfect setting.
