Located in a sought-after residential area of Ciudad Quesada, this detached villa for sale in Costa Blanca South offers a well-designed layout across four levels: basement, ground floor, first floor and private solarium. This popular property model in the Rojales area combines functionality, customization potential and low-maintenance outdoor space. The basement is currently unfinished and provides excellent development potential. It can be converted into a home office, guest suite, entertainment room or independent living area, increasing both flexibility and property value. On the ground floor, the villa features a bright living room with fireplace, ideal for year-round living in Spain. The separate kitchen offers direct access to an outdoor gallery, creating a practical extension of the living space. One bedroom and a full bathroom are also located on this level, enhancing everyday convenience. The first floor includes two additional bedrooms and a family bathroom. The private solarium provides extra outdoor space to enjoy the Mediterranean climate throughout the year. The entire plot is finished in terrazzo flooring, offering easy maintenance...
