Located in a well-established residential area of Ciudad Quesada, this semi-detached house for sale in Costa Blanca South offers a highly attractive layout thanks to its fully converted independent basement apartment. This configuration provides flexibility, comfort and long-term potential. The main living area includes two bright bedrooms, a bathroom, a welcoming living room and a functional kitchen. The property is sold fully furnished and tastefully decorated in a modern, clean style. The interior layout is practical and well balanced, making it suitable for both permanent living and holiday use. The standout feature of this property is the fully equipped independent apartment located in the basement. It includes its own kitchen, living room, dining area, bedroom and complete bathroom. This space can serve as guest accommodation, extended family living space, a private home office or even a rental opportunity. The presence of a separate apartment significantly enhances the overall value and versatility of the property. With 38 sqm of terraces and solarium, the house offers generous outdoor areas to enjoy the Mediterranean climate year-round. These spac...
