This most distinctive detached property has been perfectly set enjoying unobstructed views over Hondon valley. The villa has been constructed using only the finest quality wooden materials throughout, with quality fixtures and fittings to match. Distributed over three levels the semi-sotano can be accessed either via internal stairs, or its own front door leading into a large hallway off which there are a double bedroom, large bathroom, utility and adjoining double garage. To ground level an enormous lounge/dining area leading onto large sun deck, open-plan kitchen, bathroom and hallway. To the first-floor are the three bedrooms and large family bathroom. The features of this property include: under-floor heating throughout, toughened safety windows (so no need for security grills and 1,500 litre solar powered hot water tank. A truly unique concept for the area, viewing highly recommended.
