Spanish charm, spacious living and a peaceful location&#13;&#13;This character-filled, well designed four-bedroom property is situated on Fincas de la Vega, a hidden gem of an area close to Rojas, San Fulgencio, Daya Vieja and Ciudad Quesada. Fincas de la Vega is a small estate of detached properties on good-sized plots surrounded by countryside and with lovely mountain views. This really is the perfect place if you want to get away from the busy towns and coasts yet still have all the facilities and beaches within easy reach.&#13;&#13;The villa is set on a quiet road on the edge of Fincas de la Vega and enjoys country and mountain views.&#13;&#13;From the road you can access the property via the pedestrian gate or car gate, which leads to the garage. The property is walled to the front, giving you privacy.&#13;&#13;Enter the villa itself via a pretty, tiled, traditional-style courtyard. This area really gives a lovely old Spanish feel to the villa and is a perfect place for morning coffee, al-fresco dining or simply chilling.&#13;&#13;Going inside, you will find a very spacious living area with character beams. At one end there is a decorative gas fire, perfect for making winter...
