We are pleased to offer this lovely, top floor apartment at the top of Quesada near Harry's bar and only a short walk to a local supermarket, newsagent and a few bars and restaurants to enjoy. The apartment is South/West facing, has been well looked after and has a large private solarium with great views of the surrounding area which benefits from all day sunshine. The communal pool and terrace area is very well maintained and can be seen from the property and therefore only a short walk away. Inside the apartment you have a good sized living/dining area, 2 bedrooms and a bathroom. All in all a lovely apartment in a good location, offered at a great price. Must be viewed to be appreciated.
